How to Make a Bulldog Let Go. Says a breeder of bulldogs: "The ulckest way to release a person from the jaws of a buildog, if he be unfortu-nate enough to be bitten, is by catching the dog's hind paw, in the center of which is an exceedingly tender spot called the heart. This should be pressed or, even better, the paw taken into the mouth and bitten with the teeth. The dog will relinquish the hold at once. It is a desperate remedy, but a sure one, and one that is resorted to by the pro-fessional dogfighters.

MEDICINAL.

More Harmful Than Alcohol

Overeating Worst Form of Intemperance.

If your food is undigested, you are underfed, no matter how much you eat. And the underfeed man is, to the extent of the underfeeding, crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overloaded stomachs exceeds that from the increased heart beats caused by the use of alcohol or whiskey.

Eat as much good food as you need but don't overload the stomach. If your stomach is weak it may refuse to digest what you eat. Then you ought to use a good digestant like Kodol Dyspepsia Cure, which digests what you eat without the stomach's aid. This rest and the wholesome tonics contained in Kodol Dyspepsia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. But eat enough and of sufficient variety. Kodol Dyspepsia Cure will digest it. It quickly relieves the sensation of fulness and bloating from which some people suffer after meals. Equally good for children. Lemuel James, Marysville, O., says: "I suffered from dyspepsia for thirty years but a few bottles of Kodol Dyspepsia Cure completely cured me and I hearsily recommend it to all sufferers from this disease."
